APPLICATION FOR PREQUALIFICATION FOR THE DESIGN, FINANCING, CONSTRUCTION AND MANAGEMENT OF A HOTEL, COMMERCIAL/RETAIL FACILITY, HOUSING/APARTMENTS DEVELOPMENT, GOLF COURSE AND A CONVENTION CENTRE AT HARRY MWAANGA NKUMBULA INTERNATIONAL AIRPORT

1.0 Zambia Airports Corporation Limited (hereinafter referred to as the "Corporation" or "ZACL") is responsible for the development, maintenance and management of the four designated international airports, namely, Kenneth Kaunda (Lusaka), Harry Mwaanga Nkumbula (Livingstone), Simon Mwansa Kapwepwe (Ndola), and Mfuwe. The Corporation is also responsible for the development and maintenance of seven (7) provincial airports, and three strategic aerodromes, while also providing air navigation services throughout Zambia. The Corporation is further mandated to enhance safety and improve standards of service provision at these airports and in the Zambian air space.

2.0 Harry Mwaanga Nkumbula International Airport (HMNIA) is strategically located in Livingstone, Zambia's tourism capital and one of the country's premier tourism and Meetings, Incentives, Conferences and Exhibitions (MICE) destinations. The airport serves as a critical international gateway for both leisure and business travellers, providing direct access to one of the world's most iconic natural attractions, the Mosi-oa-Tunya (Victoria Falls), a

UNESCO World Heritage Site and one of the Seven Natural Wonders of the World.

3.0 Recognising the strategic importance of the airport to Zambia's tourism and economic development agenda, Government has modernised the airport through, a flagship infrastructure initiative aimed at enhancing its capacity to meet international aviation standards. As part of this project, a second passenger terminal was constructed and is fully operational, significantly improving the airport's passenger handling capacity, operational efficiency, and overall customer experience. The upgraded airport provides a strong platform for expanding air connectivity, promoting tourism and MICE activities, and attracting complementary commercial investments that support Zambia's broader vision of positioning Livingstone as a leading regional tourism, business, and conference destination.

4.0 The Corporation has a long-term strategic objective of commercialising its airport land assets to diversify revenue streams, strengthen financial sustainability, and maximise the value of its infrastructure investments. A key component of this strategy is the development of various commercial facilities at HMNIA including a hotel, commercial/retail facility, housing/apartments, golf course, and a convention centre, among others. These facilities are envisioned as flagship facilities supporting the growth of tourism and Meetings, Incentives, Conferences and Exhibitions (MICE) activities in Livingstone. The proposed commercial facilities will leverage HMNIA's strategic location as the primary gateway to the Victoria Falls and Zambia's tourism capital, providing high-quality accommodation and conference facilities for both leisure and business travellers. The developments are expected to complement the airport's modern infrastructure, enhance the passenger experience, and contribute to the establishment of an integrated airport commercial precinct.

5.0 To realise this vision, ZACL intends to partner with a reputable private or public sector investor under an appropriate commercial arrangement. Accordingly, the Corporation seeks to prequalify suitably qualified and

experienced firms with the technical, financial, and operational capacity to design, finance, construct, furnish, and manage the proposed commercial developments at HMNIA. The successful firm will be expected to deliver world-class facilities that align with international standards, complements the airport environment, and contribute to Livingstone's position as a leading regional tourism and MICE destination.
