

# ENVIRONMENTAL POLICY

Zambia Airports Corporation Limited is committed to carrying out all its activities in an environmentally sustainable manner that prevents pollution, minimises negative environmental impacts and fulfils compliance obligations. We will strive to continually improve on our environmental performance based on the ISO 14001:2015 standard.

Top management in collaboration with all members of staff, airport tenants, airlines and other stakeholders, is committed to:

- a) Taking initiative to prevent pollution and environmental degradation arising from harmful emissions, spillages, and noise.
- b) Developing measures to minimise consumption of resources.
- c) Effectively managing our waste and improving energy efficiency.
- d) Managing our carbon footprint arising from greenhouse emissions generated by our activities.
- e) Effectively monitoring and managing environmental aspects in all business processes.
- f) Continually improve the Corporation's environmental performance through reviewing the achievements of set environmental objectives.
- g) Providing the necessary training, awareness, and support for the implementation of this policy.
- h) Reducing wildlife strike incidences whilst upholding wildlife conservation.
- i) Exercising zero tolerance to illegal wildlife trafficking through our airports.
- j) Complying with all applicable environmental laws, regulations, and other requirements.

This Environmental Policy is communicated, understood, applied within the Corporation and is accessible by all interested parties.
